Thanks for the Package it was all real good
we are all doing ok. It is really nice to hear
from other people ~~in~~ in the United States. I
also want to thank the VFW member for what they
did. Now it is my time to try and feel ~~in~~ their
shoes. For what they did in the past. They have
big shoes to fill but I think I can manage.
They set the standard and I would like to keep it
up. But Rex I would like to thank you again
for the Package. THANKS again
