Thanks for your support. Your care package was a great morale boost for the guys. Sorry I didn't get any pictures, because it was raided when I wasn't looking! Damn Tax Rats!

I know all of you who have been in my boots, never asked for anything for your service. Like you we serve because it's our duty. That makes your offering to us something even more special.

Thanks for keeping us in your thoughts. Say some prayers for everyone involved in the close fight.
